

Hands on

- PSyclone transformation examples:
- ~65 minutes
- `cd <psyclone_home>/tutorial/practicals/LFRic/single_node`
- **3 parts** `1_openmp`, `2_openacc`, `3_sequential`
- **No compilation, just code generation**
- **Follow README.md in each directory**
 - A browser will display README.md files nicely
 - https://github.com/stfc/PSyclone/tree/master/tutorial/practicals/LFRic/single_node
- **Any issues/questions on slack**
 - Use the psyclone channel
 - Please use threads for replies

Have fun!
